

ISO 9001: 2015 – Quality POLICY

iENGINEERING (Private) Limited is committed to consistently deliver high quality software solutions that meet or exceed the requirements and expectations of our customers while working within the legal and regularity boundaries set by local and international laws. We have demonstrated this through a continuous process of regular quality audits and measurement of customers' satisfaction level.

Our Quality Policy is based on following management principles and behaviors:

- We ensure that the customers' requirements are completely satisfied in an effective and efficient manner.
- To assist in achieving this we have implemented quality management system that covers all areas of the company's activities that impact on our deliverables to client.
- This system is based on good working practices and complies with the requirements of ISO 9001:2015.

This policy has been approved by management and will be reviewed by management review team annually.
